TECHNICAL DATA SHEET

Guard 80 Surface Sanitiser 5L Alcohol Based Surface Sanitiser

- Alcohol based sanitiser (over 80% alcohol)
- Fast Application
- Compliant with three relevant hygiene regulations

DESCRIPTION:

Alcohol based sanitisers have been found to be effective at combating many types of bacteria and viruses including influenza A, Rhinovirus, and certain strains of coronavirus.

Guard 80 is a specially formulated alcohol based cleaner perfect for industrial or commercial operations. Fast drying and with a pleasant odour, this product can be used to disinfect rooms without causing major disturbances to normal usage or introducing strong, unpleasant smells.

Guard 80 Surface Sanitiser adheres to the following three hygiene regulations:

EN14476 – Chemical Disinfectants and Antiseptics: Virus in medical conditions.

EN1276 – Chemical Bacterial Activity in Food/Industrial/Domestic

EN1650 – Chemical Fungal and Yeast in Food areas/Industrial/Domestic

TECHNICAL DATA SHEET

DIRECTIONS FOR USE:

- USE IN A WELL VENTILATED AREA
- Guard 80 is suitable for most surfaces but it is always advisable to test a small area before large scale application
- Apply an even coating of sanitiser across the surface.
- The product will take around 5 minutes to evaporate naturally from the surface, dependant on ambient conditions and porosity of surface. The product can be wiped with a cloth to remove excess material.
- This product contains a quantity of water so care should be taken with use around electrical items

STORAGE & SHELF LIFE:

Protect from extremes of temperature in a controlled environment between 5 and 25°C, and away from direct sunlight. Do not stand on a cold concrete floor. Stored under the correct conditions, in original, unopened containers, the product will have a shelf life of 12 months.

DO NOT ALLOW THE PRODUCT TO FREEZE
