TECHNICAL DATA SHEET

BioShield Hand Guard

Alcohol Based Hand Sanitiser

- Manufactured to WHO recommended formulation
 - Fast drying hand gel with no residue
- Convenient and effective way to sanitise hands

DESCRIPTION:

Alcohol based sanitisers have been found to be effective at combating many types of bacteria and viruses including influenza A, Rhinovirus, and certain strains of coronavirus.

Manufactured to the World Health Organisations recommended formula, BioShield Hand Guard is a convenient alternative when soap and water hand washing stations are not available. Hand Guard is available in two forms, a standard bottled sanitiser that can be poured onto the hands or in a convenient spray bottle for a quicker and cleaner application.

For external use only. Use Biocides safely. Always read the label and information before use. Keep out of reach of children.

TECHNICAL SPECIFICATION:
